

Here at CHP Clinic, we care about all our neighbors! During this time of concern about virus potential, we ask that the following procedures be followed.

If you are experiencing any of the following symptoms:

**FEVER            COUGH**  
**CHEST CONGESTION**  
**SHORTNESS OF BREATH**

We ask that you return to your vehicle and call the following number from the parking lot:

**706-864-4455**

A doctor or nurse will assess you in your vehicle. This will help us contain the spread of viruses. If you do exhibit signs of COVID-19, we will likely suggest that you visit the Emergency Room to receive appropriate treatment.

We ask that you practice preventative measures such as good hand-washing and covering your mouth to avoid spreading the virus. We appreciate your assistance!

Extra cleaning and disinfection policies are also in place in this facility. Thank you for your cooperation.            3/12/20
